Standard Formatting and Data Processing

Complete and submit the form on page 3 ONLY if you want to request formatting that is different than our standard formatting below.

“Non Deliverable” Addresses

Addresses that do not pass CASS and DPV validation (meaning if they are deemed invalid or undeliverable) will be removed from your final mailing list. We can send you a list of the undeliverable addresses upon request. If the number of “undeliverable” records exceeds 5% of the mailing list total quantity we will contact you for further instruction. Also please note we don’t offer mailing services for international mail – all international records will be removed from the final mailing list.

NCOA Update

NCOA processing will update addresses of people/businesses that have moved and have submitted a change of address form to the Post Office within the past 18 months. Any contacts on your mailing list that have moved will be updated with the recipient’s new mailing address.

Duplicate Elimination

Our standard method for duplicate removal is to dedupe by name and address. This method requires both the name and address fields to match exactly to be considered a duplicate and then be removed from the list. If you do not want us to remove duplicate records from your list or would like us to dedupe by “Address Only” - please complete the Special Formatting Request form below and submit it with your mailing list.

Address Block Formatting

Listed below is our standard for address block formatting.

Note: *Additional information/fields may added (such as the endorsement line) as required by the Postal Service.*

For Mailings to Consumer/Residential Lists

NAME
OR CURRENT RESIDENT
ADDRESS
CITY STATE ZIP

For Mailings to Business Lists

COMPANY NAME
OR CURRENT OCCUPANT
INDIVIDUAL’S NAME (if supplied)
TITLE (if supplied)
ADDRESS
CITY STATE ZIP

Standard formatting for address blocks is all capital letters as this is how the Post Office prefers it.

“Or Current Resident”

In an effort to maximize deliverability of the mail pieces – we add “Or Current Resident” to all mail pieces. If you do not want this added to your mail piece – please complete the Special Formatting Request form below and submit it with your mailing list.

Incorrect File Submissions

Clients that submit mailing list files that are incorrectly formatted will receive notification of the discrepancy(s) and be requested to fix the issues and resubmit the files. Submitting incorrectly formatted mailing lists more than once could result in additional costs.

Resubmission of Mailing List after Processing

If after your mailing list has been processed, you decide that you need to update/change your list and resubmit it or request special formatting - you will be charged an additional \$19 fee to cover the cost the additional processing. Remember – your name and address (as listed with us) will automatically be added to your mailing list but any other seed piece names will need to be added prior to processing as adding them after the list has been processed will result in the list having to be reprocessed.

Special Formatting Request

Complete this form only if you want to request formatting that is different than our standard formatting. Submit this form with your mailing list.

Please do not include fields that are not to be used, ie additional address locations, secondary names, etc. Please indicate below if you have additional fields in your data that you'd like us to include in the address block (example: code, customer ID, second name, etc.)

Duplicate Elimination -all lists will be deduped by name and address – multiple people per address will receive mail piece.

Do Not Remove Duplicates from My List

Dedupe My List by Address Only (multiple occupants at same address will not be mailed to)

NCOA Update (National Change of Address is required) will update address for anyone who has moved within the last 18 months.

I do not want to mail to the new address, please delete the records.

I want to remove only addresses that have updated and are out of state.

Or Current Resident/Occupant used to increase mailability and suggested by USPS.

I do not want "Or Current Resident" added to my mail pieces. I understand that this could result in more returned/undeliverable pieces.
